

Named 2003 Business of the Year by the Keweenaw Industrial Council, the staff of Pasty.NET and Pasty Central are grateful to members across the U.S. and U.P. who support our efforts. Born as a fund raiser for Still Waters Assisted Living in Calumet, support and encouragement throughout the community enables us to provide innovative Internet service, and a vital world-wide connection to Upper Michigan's rich beauty, history, culture, and products. We send a special THANK YOU to local business professionals, organizations, and sponsors who make it possible - as well as hundreds of families and individuals who rely on Pasty.NET to stay connected. Our best wishes in 2004!
